```
                    CS 61B Lab 13
                 April 27-28, 2004

Show your TA or lab assistant your progress on Project 3.  You may use the rest
of the lab to work on your project.  When your TA is finished with check-offs,
you may use this as an opportunity to ask the TA or lab assistant any questions
you have about the project.

Check-off
---------
4 points:  Show that WUGTest.java is assigning your project at least one point.
```
