| He was very organized and helpful overall in explaining course material and answering students' questions. |
| Laryn is an excellent GSI. I learned a lot thanks to him. |
| I think Laryn did a great job in terms of helping me understand the material covered in lecture. I also felt comfortable reaching out for help and asking questions. |
| I was recommended this section by former students who complimented Laryn's teaching style, and I thoroughly enjoyed this discussion section because of his chill attitude, approachability, helpfulness, and knowledge of computer science. |
| Helpful! |

| Laryn is great! He explains the course material clearly and help us solve problems well. Had a great semester with him :) |
| Laryn was always really helpful during labs and discussion, always open for questions. He was always very readily available for contact via emails. |
| Really good at teaching, just seems a bit shy |
| Really enjoyed learning from my GSI, a very knowledgable person who really explains concepts well. Very personable and I didn't have any trouble asking any questions for help because he made a comfortable environment where students were not afraid to take risks and be wrong. Would definitely recommend him as a GSI for students taking this course in the future (if he is teaching as well). |
| Never met this GSI. |

| Thanks for being a great GSI Laryn! My one suggestion would be to open discussion with questions about what people struggled with the most, that way we can focus our time on that. |
| Really like how he shows us how each line of code runs even for incorrect solutions. Helps me understand the correct solution and what I did wrong. |
| very good at explaining, prepared and easy to access materials |
| Laryn did a really good job helping his students learn. |
| Laryn has been hands–down the best GSI I have ever worked with. He is always very explicative of every question and is extremely well–knowledged with the content. He is fast and effective; a mistake in his explanations is highly rare. He is very charismatic and does a great job of keeping an interactive environment while in class. |
| Above and Beyond! Best GSI hands down! |

| Absolute banger of a gsi |
| Laryn was a great GSI! He always explained everything well, answered all of our questions, and stopped to make sure we understood. He also challenged us to think about problems before giving us a solution, giving us the chance to truly think about the problem, which I appreciated. He especially helped me in my understanding of recursion and how to approach those problems, and I am very thankful. |
| You, sir, are a very good GSI. Cream of the crop. |
| Best GSI. |
| Laryn was a great GSI and is very passionate about 61a! |
| No complaints! Laryn was amazing :) |
| I did not have this GSI. |
| best gsi ever |
| Laryn was really helpful and understanding! Was really nice about walking through problems and answering questions. |
