Computer-Aided Design and Applications

On-line access price quote

Effective date: January 2006

INDIVIDUAL

One IP – One Access Code/Password – Single User

The single user receives unlimited individual access to the electronic files which the user accesses mainly from the same IP address. Occasional change in IP address is acceptable (the user may be on a business trip and may need access to the files).

First time fee: **USD 183.00**
Annual renewal: **USD 89.00**

INSTITUTION – PACKAGE 1

One IP – One Access Code/Password – Multiple Users

There is a designated computer from which the files are accessed via a single access code and password, which is hidden from the user. Unlimited users within the institution may be on this license.

First time fee: **USD 275.00**
Annual renewal: **USD 134.00**

INSTITUTION – PACKAGE 2

Highly discounted individual packages

This package is for institutions where the number of expected users is small and therefore the full institutional access is not justified. The institution purchases a package which contains individual access codes/passwords given to designated users. The licenses are transferable within the institution!

Package of 5 users: **45%** discount of the annual renewal rate (USD 245.00)
Package of 10 users: **60%** discount of the annual renewal rate (USD 356.00)
More than 10 users: **75%** discount of the annual renewal rate

INSTITUTION – PACKAGE 3

Multiple IPs – Shared Access Code/Password – Multiple Users

The access is from multiple IP addresses within the institution using a shared access code and password. Multiple users are allowed from within the institution.

First time fee: **USD 366.00**
Annual renewal: **USD 178.00**

INCLUSIONS/RESTRICTIONS

The annual license includes 7/24 access to the journal, unlimited viewing and downloads of the electronic files. No unauthorized access outside the licensed institution/individual is allowed. All users must respect the copyright agreement and must use the material for professional purposes only.
