Hi Yang,

A fix is in-- we just rebuilt the base index, so it may take a few months for this change to go live.

My very best,
Monica

Hi Monica,

I hope you are doing well.

I found a bug on Google scholar. For example, you can Google my paper "ImageNet Training in Minutes". It had 153 citations on Google. But you can't find the paper on Google Scholar. Because it was merged incorrectly to a different paper. The first author of that paper is also 'Y You'.

Here is the link of the cluster:
https://scholar.google.com/scholar?cluster=485302205715528718

Thanks so much!

Best,
Yang
